FOR IMMEDIATE RELEASE: May 2, 2014

The Founders Academy Foundation closes on new school site

The Founders Academy Foundation is pleased to announce that they have completed the purchase of their new school site at 5 Perimeter Rd. in Manchester. Construction will begin immediately on the 60,000 square foot site. The school plans to be ready to accept its first hundred students this coming September.

The Founders Academy Foundation is a non profit organization set up to support The Founders Academy public charter school. The Academy will be the first public classical school in New Hampshire, opening with grades six, seven and eight, adding a grade each year until they reach full capacity as a 6-12 high school.

Thomas Frischknecht of Amherst, NH is one of the founding members and the board chairman of The Founders Academy Foundation.

"After two years of work developing our charter and receiving State approval, we are now in a position to prepare for the opening of The Founders Academy this Fall of 2014. We are pleased to have found a home in Southern Manchester that is easily accessible from all surrounding towns."
